

Student perspective:

How did we do in the first cycle of the Quality Enhancement framework?

Nanna Elísa Jakobsdóttir
Chairperson Landssamtök íslenskra stúdenta

Why is Student Voice Important?

We know that student achievement and engagement will increase when students have more ownership of their school community and of their learning.

What was well done?

- 1) More interest in quality enhancement
- 2) Active listening and opinions valued
- 3) Positive attitude
- 4) Informative experience
- 5) Professional and thoroughly planned
- 6) Focus on learning

What was criticized?

- 1) Lack of knowledge and information
- 2) Unclear expectations
- 3) Not enough student representatives
- 4) No student representative on the Quality board
- 5) Not enough awareness within the student body

What can we do better next time?

- 1) Information, information, information
- 2) Training
- 3) Clear view of expectations
- 4) Heightened awareness within the student body
- 5) Communication is key

Challenges LIS faces

- We need to deal with these challenges in order to become the student voice the higher education sector needs:
- 1) Newly established
- 2) Funding
- 3) Retaining knowledge

"Education is the most powerful weapon which you can use to change the world."

- Nelson Mandela
